# Open Warfare (Hidden Thrones Book 2)

## **Synopsis**

Jack Bennett and Frank Lederman find themselves in the middle of not only a spiritual battle, but a physical one, as they continue to dig for facts in their attempt to thwart demonic forces from taking over the country. Will Emilyâ™s new identity be revealed? Will her mission be in jeopardy? It has become evident to all of them, that they have become the hunted instead of the hunters. Dante Adal and the Sons of Nimrod set their sights on the White House and the elimination of Jack, Frank and Emily.

## **Customer Reviews**

I know. The second book is where the trouble reaches its peak. Everything falls apart and victory seems far away. For me, itâ™s hard reading a second book with no third book available. Iâ™m beginning to see afresh my wifeâ™s practice of not buying a series until itâ™s complete. Thatâ™s much easier with romances, though. In a genre that large, you can always read something else while waiting for the series to be complete. In Christian speculative fiction, there is not nearly as much to choose from. Spiritually, it just keeps moving along at the level of book one. There is no way I can avoid the 5-star rating for the spiritual level and an award of excellence for

Christian Spirit-Filled Speculative fiction. The evil is more visible. That may not seem realistic, but if the spirit world was visible to our mindsâ "it might well look like this. We do need to remember that we are involved in a war. Much of what we do has warfare behind it.I think my slight disappointment is due to the imagining of what goes on in the heavenlies, as opposed to showing what is going on in the mind of the characters. I didnâ T<sup>M</sup>t feel quite as involved in the thinking of the characters this time, as I did with Hidden Thrones.I think my slight disquiet is the whole idea of demons impersonating humans. I believe the Flood happened to get rid of that possibility as well as the abominations produced pre-flood by demons having children with human women. Personally, I believe that our problem now is possession, people inhabited and controlled by demons. But in the scheme of things, that is a minor quibble about an exceptional book, spiritually.
