Paul Yancey: Taking The High Road (Taking The High Road Series Book 8)

Synopsis

Paul Yancey is not what you'd call a professional anything. After leaving Belle Clare Plantation, he'd drifted from city to city, from job to job, without ever really finding himself or his niche in life. Until the fateful hunting trip on which he'd accompanied his brother Matthew, a former Texas Ranger. Their time together out in the Texas hill country was supposed to be relaxing and rejuvenating. Instead, they'd happened across Arliss Helms, cattle thief and stagecoach robber. Later, Paul writes the story of their meeting and apprehension and sells it to a newspaper chain. From there, he's off and running in his new career. A respectable one, no less. Other outlaws and gunslingers cross his path; other stories follow. Now comes one that will be the biggest to hit print. If he can secure it. Catamount Clemens is holed up in some hideaway near Mount Whitney. Not only must Paul track him down, but he must do it before other forces interfere. With speed and proficiency in mind, Paul hires the Fergusons, a guide duo from Carson City. Father and son, Ezra and Teddy. Or is it? Too late, Paul discovers that Teddy is actually Theodosia, a girl with a mystery of her own. How quickly they can reach Paul's quarry depends on too many unpredictable factors. Not the least of which is his growing attraction to the capable and efficient Miss Ferguson.

As usual, Morris Fenris did really well. He made another series of Taking the High Road. It's a very wonderful western romance story. It has a very awesome story that is very interesting to read. The plot is also great because there are a lot of surprises waiting for you. Many unexpected events that made me keep continue reading it. A highly recommended book!

This is another touching addition to the the Taking the High Road Series. This one offers the same drama, feelings and emotions I have come to expect from this author. An absolutely great book to pass a few hours with. Highly Reccomend.

I am a fan of good western novels and Taking the High Road by Morris Fenris is a good western romance that had me entertained and didnâ™t want to put the book down. I was glad to see that there is a whole series of this story and I will definitely look them up.

Theodosia Ferguson and her father Ezra were the trackers he hired to find Catamont Clemens. He was a wanted man for murder, train robberies etc. His was born in Mississippi to a family of means. He was the only one who turned bad, two of his brothers were killed in the war. Paul wanted to write Catamount Clemens story so maybe others could learn from it, that is what Beauregard wanted, that is his given name. You know there is another wedding all brother s in attendance she Paul married Teddy as she is called. This is another good read of those Yancey brothers.

I enjoyed this story about the times of Paul Chauncey. The story I has adventure, romance, mystery, and drama. You will enjoy it. Gary

I like the fact that all the brothers are the same in their basic characters but very different in how they live.
