Goal! My Soccer Book

Synopsis

GOOOOAAAALLL! Score one for David Diehl, in his newest colorful and conceptual sports book for toddlers. Diehl celebrates the world's most popular game, putting a bright spotlight on a single soccer-related word on every page. Striking graphic designs in dazzling hues convey all the excitement of a 'goalkeeper' making a 'save'; the referee issuing a 'yellow card' to a misbehaving player; the suspense of a 'free kick'; or the home team finally getting a beautifully completed 'goal.' All of Diehl's illustrations are intensely, brilliantly active, and kids will love it because it's never too soon to get ready for this electrifying game.

Customer Reviews

My two-year-old cannot get enough of this and other books in the same series. The colorful pictures fascinate him. The books are simple but really well thought-out. He's learned many sports vocabulary words and is very excited about it!
