Kids Care!: 75 Ways To Make A Difference For People, Animals & The Environment (Williamson Kids Can Series)

Synopsis

This title is suitable for ages 7 to 12 years. The immediate goal of " Kids Care! " Is to help children formulate a plan of action to make a difference, and then to help them see the plan through to completion. It covers - Kids Care about People: Simple things to help others feel more comfortable in new surroundings, helping older people with day-to-day chores, learning to listen, making cards and small gifts to bring good cheer, helping kids who miss a lot of school, how to hold fundraisers, food and blanket drives; Kids Care about Pets: Begins with simple pet-oriented projects such as making cat and dog toys, and growing their own catnip or baking (and selling) dog biscuits - Then, it's on to creating a home pet care service, making `welcome` toys for humane shelters, learning games to play with cats and dogs for their exercise and companionship; and, Kids Care about Wildlife: Simple things kids can do to help animals in their own neighbourhoods or backyards including making removable stick-on window art to protect birds, building birdhouses for birds whose habitat is threatened, and growing sunflowers for wildlife. It also includes Kids Care about the Environment: Kids make everything from useful (and funny) recycle bins to door `snakes` and rain catchers.

Book Information

Series: Williamson Kids Can Series

Hardcover: 128 pages

Publisher: Williamson Pub (September 2007)

Language: English

ISBN-10: 0824967933

Customer Reviews

We talk a lot about wanting our children to care about others and our environment. Kids Care is a hands-on way to help children, not only learning to care for others, but provides activities for them to show others that they do care. Children learn much better from doing rather than being told they should feel a certain way. Materials for the activities are readily available in their homes. Children learn that helping others is a feel-good experience. This book is a wonderful resource for all parents and teachers.
