Sophia's War: A Tale Of The Revolution

Synopsis

>In 1776, young Sophia Calderwood witnesses the execution of Nathan Hale in New York City, which is newly occupied by the British army. Sophia is horrified by the event and resolves to do all she can to help the American cause. Recruited as a spy, she becomes a maid in the home of General Clinton, the supreme commander of the British forces in America. Through her work she becomes aware that someone in the American army might be switching sides, and she uncovers a plot that will grievously damage the Americans if it succeeds. But the identity of the would-be traitor is so shocking that no one believes her, and so Sophia decides to stop the treacherous plot herself, at great personal peril: Sheâ™s young, sheâ™s a girl, and sheâ™s running out of time. And if she fails, sheâ™s facing an execution of her own. Master storyteller Avi shows exactly how personal politics can be in this âœnail-biting thrillerâ • (>) that is rich in historical detail and rife with action.

Book Information

Lexile Measure: 730 (What's this?)

Paperback: 336 pages

Publisher: Beach Lane Books; Reprint edition (September 24, 2013)

Language: English

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

Doesn't that gorgeous cover by Edel Rodriguez make you long to read this? It's the perfect cover for this story. (I have a "thing" for silhouettes on book covers. I don't know why, but I feel compelled to buy a book with silhouettes on the cover.) If you have never read one of Avi's books, you really need to. He writes intelligent historical fiction for young people. He never dumbs down his books, and

obviously works hard to be historically accurate. In this complex, smart story Avi again tackles an aspect of the American Revolution. He did it once before in "The Fighting Ground", where the reader is swept along in thirteen-year-old Jonathon's passion to be part of the fighting, and then his rude awakening to the realities of being a soldier. But this story isn't just a feminine version of "The Fighting Ground". It's a completely different aspect of the war, written in a different kind of narrative. The story is broken up into two different time frames. Roughly the first half takes place in 1776 when Sophia Calderwood is twelve years old. Sophia and her parents fled their home in New York City when the British invaded. Sophia's adored older brother William joined the American troops fighting to keep the British out of the city. As the book opens in September of 1776, Sophia and her mother are returning on foot to New York to try to reclaim what they can of their lives. (For safety, Mr. Calderwood must return in secret later.) In an apple orchard on the outskirts of New York, they witness a young man of "dignified bearing" being led by British soldiers to a rope hanging from an apple tree, and Sophia watches in horror as the ladder is kicked away and the young man (who she later learns was Nathan Hale) is hanged.
