Amelia Bedelia's First Day Of School

Synopsis

The New York Times bestselling picture book! Amelia Bedelia goes to school and mixes up just about everything in this funny picture book about the childhood of the iconic character. The first book in the nationally bestselling series about the childhood of America's favorite literal-minded housekeeper, Amelia Bedelia is sure that she will absolutely love school "after all, what's not to love? But after hopping on the bus "just like a bunny" (hurry up, sweetie!), confusing her name tag with a game (we are not playing tag), and gluing herself to her seat (oh, dear), Amelia Bedelia discovers that what she takes for granted is not always the way the world works. Still, friendships are formed, lessons are learned, and projects are completed, and through it all Amelia Bedelia's teacher, Mrs. Edwards, offers gentle guidance and an open heart. The Amelia Bedelia books have sold more than 35 million copies!

Grade Level: Preschool - 3

Customer Reviews

I love Amelia Bedelia books and read all of them as a child and as a teacher, I was sure to share them with my students. This book is super special because haven't all Amelia Bedelia fans wondered what Amelia Bedelia was like as a child? I know I have and this book shows Amelia as a

first grader. This is the first time Amelia Bedelia has been shown as a child. With this great story we now know that Amelia started out silly and that is just the way she will always be. Ordinary first grade happenings become extraordinary with Amelia Bedelia's literal take on all things first grade. Teachers can see themselves in Miss Edwards. She is patient but knows when enough is enough and tells Amelia, after she has gotten out of her seat many times to, "Please glue yourself to your seat." If you know Amelia Bedelia, you can guess what she does when Miss Edwards just wants her to stay in her seat. Students get a look at a fun filled day and will laugh out loud when Amelia Bedelia does what she is told. The pictures by Lynne Avril really compliment the text and make the story even more exciting. My son loved seeing Amelia Bedelia try to put her nose in a book because he hears me tell him to do that often. This would be a great first week of school read or a special book to share with your child the night before they start school. This would also be a fantastic gift for a new teacher. I love Amelia Bedelia and enjoyed seeing her as a child in this terrific picture book!

My niece loves this book. She will be starting kindergarten in the fall. I hope it helps her and her mommy. I wish she wrote a book for her younger sister who will miss her even more in daycare.....

My 3yo might be a little too young to fully understand all the word play in this book, but he LOVES it! (I'll definitely introduce these multiple meaning words as we continue to read and re-read it). His favorite parts are when Amelia Bedelia runs into the PE teacher (OOOOOF!), when the librarian wants their noses in the books (OUCH!), and when the teacher calls roll (HERE!) We originally learned about this book because we borrowed this book from the library. I ended up buying it because he loves it so much.

My 5 year old daughter loved this book. We read it several times in the weeks leading up to kindergarten. She loved Amelia and thought the book was funny and she came home from school on the first day and told me they took roll just like in Amelia Bedelia!

I, the mother of a 6 year old, found this to be a bit exaggerated for my baby. Somehow, Amelia misunderstands almost everything and acts a bit silly, though in the end it all works out as everyone ends up laughing and having a good time. As for my daughter, she couldn't seem to understand why Amelia just didn't get it...but she enjoyed the fact that everyone else around her, did not make her feel bad for making mistakes.

This summer I introduced to our daughter to Amelia Bedelia and my daughter requested to read everything and anything about Amelia. Here we finally get to see Amelia as a child on her 1st day of school. And at the same time find out that as a child she took people at their word... exactly, just as she does as an adult! It's a very cute book and the illustrations are done by Lynne Avril and she did a great job! At first our daughter didn't understand why Amelia would take instruction so literally, then would laugh and shake her head at Amelia's latest antics. Now, my daughter when she hears something that would confuse Amelia in her every life, she makes the connection to Amelia and laughs, shakes her head and then tells us how it would confuse Amelia into do this chore.

This is a really cute story- perfect for all those little girls who are starting to school. We read it often because my granddaughter never tires of hearing about the things that Amelia Bedelia does. I highly recommend this book.

I read this book aloud to my third graders the first week of school. It is full of idioms and play on words so my ELD kids were a little lost. When we talk about figurative language I am going to pull this book back out.
