Customer Reviews

I bought this book for my daughter but read it myself first. We both looooove it. Well written Renaee. Very reminiscent of our days in Jamaica on our various track teams. This book is great as a gift to any child...not just one who is inclined to sports...as it shows how hard work..a great support system and never giving up can reap success and great rewards. I loved the great compost heap as well. Great job.

Our children love Freddie and are inspired by his first race. I hadn't even completed the transaction of purchasing the book from the author yet when my son sat down to read it from cover to cover. He could relate to the beautiful images and the story. The author threw in one for the historical records with facts about Jamaican runner Usain Bolt, the fastest man in the world. I don't know who enjoyed

this story more, the parents or the children who read it in our family.

Freddie's First Race by Renaee Smith is a great story to instill confidence in anyone pursuing something they love. Freddie wanted to race but just deciding to do something is only the first part. He needed the confidence that he could win, he also needed the right equipment, practice and training, and bravery against the competition. He also had the love of his family to be proud of him. The colorful images are fantastic and help bring the fun story to life. What a great job!

Author Renaee Smith is a wonderful storyteller with her warm witty style and meaningful message behind the story. Freddie's First Race is a great story for children of all ages. It teaches children about perseverance and practice. A great read! Buy it for your kids, for your classroom, your home! You'll love it!
