When Lennox Samson brought ten girls from Philadelphia to Memphis as mail order brides she brought them unconditionally. Each has a secret and Penny Mortimer's is dangerous. But when the Washington family catches up with her, it's Sheriff Romeo Sykes who rescues this damsel in distress.

Penny who is really Jill and Kari who is Caitlin are being perused by Washington family because Penny killed a man called Ed Washington when he was sitting on Kari who is Caitlin with his fist shoestring on her. Now the the other Washington's are here to kill her. Thank God for the two sheriff's who to help the two women. It was an act of self defence and protection of another humane being. This a story of women who are trying to survive and men who treat women like trash and use and abuse them if you have read the first three stories you millennium the continuation of these women who want to be part of a family with a husband and children to love.

I am really enjoying this series. Each story is definitely different, but they are all tied together. The sheriff has really fallen for Penny, but her past has come back to haunt her. Can they overcome it?

Great book by my favorite author. Cannot wait for the next book. I won this book but definitely would have bought it.

Wonderful characters with great details. Love these authors! Love his series! Full of trials, trouble, pain and sorrow BUT love conquerors all with the Lord's help
