Customer Reviews

Absouletly great! Use it to suppliment the curiculum for my homeschoo student. Great for extra practice or review of an objective they need extra help on

This book is used in our small pre-k classroom. The children love the bright pictures and it helps enhance the curriculum.

The material in the book is fine but I was hoping for more. I would look elsewhere for more material.

My daughter is 4 and looks forward every evening to work through another letter.
