# The Historical Atlas Of The Bible

## Synopsis

This is a fascinating exploration of the most influential collection of writings in Western history. By placing the events and people described in the Bible into their social and geographical context, it seeks to provide new insights into the scriptures and illuminate a truly significant period in the development of Western civilization. The authoritative, engrossing text is accompanied throughout with quotes from the Bible, showing the link between the historical events described and the scriptures. There are 100 beautifully detailed maps illustrating the movements of people and the development of nations, and there are over 100 color photographs and illustrations of archaeological sites and artifacts. This is a comprehensive account of what is undoubtedly the key book in the development of Western civilization. As such, it is sure to be of great interest to believers and non-believers alike.

## Customer Reviews

Have you struggled with knowing which Bible atlas to get? This is the one. I have been disappointed for years with ordering bible atlas's and not liking them. They usually don't have clear enough pictures or enough detail or the particular maps I'm looking for. I was blown away when I received this atlas! It exceeds my expectations. It is well worth the bucks.

I highly recommend this Atlas whether you are religious or just interested in history; I found it very informative regarding the bronze age in the middle east. On the religious side, I have a well

annotated Bible which already includes great maps and pictures, but I still found myself wondering where exactly something occurred-- this Atlas has it all. Additionally, it includes nice sections on cultures touched on by the Bible which shed light on what is happening, and why. If you are already a professional historian or theologian, you might just be interested in the maps, but for laypeople like myself, this book is chock full of treasure.

For those interested in the history associated with the bible this book is great. Pictures and maps very helpful Focus on history not religion. My only dislike. Font is too small. Professor Barnes: get a better typesetter Mike SIMKIN Newport coast. Calif

Exceeded expectations in detail, color, content and quality. Please, do your self a favor. Order it!

This walks readers through Hebrew history and how we make similar mistakes in our lives. Great maps too!

It was exactly the book I was looking for
