Grade Level: Preschool and up

## **Customer Reviews**

The book itself is ok (no real story line), but the age range says 2-5 years old, but the descriptions in the book of what "big brothers do" is meant for a child that is at least 4 years old. If the child is going to be 2-3 years old when they become a big brother, the book doesn't really work.

I LOVE this one! I was worried because I hadn't heard of it, but it had great reviews - so I went for it!

I love how it gives examples - like big brothers eat cupcakes, babies drink bottles!

It was awesome. It was great. My favorite part was him talking to the baby. I am excited about being a big brother.

We ordered nearly every big brother book we could find...probably ten. THIS is the favorite, by far!!!

Our son is 3-years-old....will be 4 in a month. We read it several times a day, sometimes 2 or 3

times in a row. Adorable!

Super cute, a nice gift for a new big sibling. It reminds big sibs just how important they are. Love it.

This book is exactly what's needed for a soon to be NOT 'only child.' It makes him feel just as special AFTER his baby brother or sister is born, the same as he was before! A very cute read!

My son could relate to it and it made him more excited for his baby brother to be born. Simple read. Missing one star because it would have been nice if it showed mommy nursing the baby in addition to bottle-feeding.

I gave this to a friend who is having her 2nd boy. The book is adorable and just right for a toddler who is about to become a big brother. The words and pictures are very sweet.
