Homes (Picture This)

Synopsis

Homes are everywhere in nature. Discover many different kinds in these eye-catching photographs of animals in their natural habitats. From the silk thread spun by the weaver ant to the snowy den dug out by the polar bear, children will learn about where animals live and how they build or find their dwellings in our natural world. Perfect for very new and curious learners!

Customer Reviews

It is a very well done board book for kids. The photography is well done and the quality of the book is good. Pictures for kids should be excellent since this is how they learn to discriminate mundane vs excellent.
