The Last Secret Of Fatima: My Conversations With Sister Lucia

Synopsis

Cardinal Bertone, the Vatican equivalent of prime minister and a top advisor to Pope Benedict XVI, breaks the Vatican's official silence on this last secret. Rather than Armageddon, he claims, the final prophecy envisaged the 1981 assassination attempt on Pope John Paul II. Bertone argues the apparition at Fatima was a call to renewal for the Church, and the Pope assigned him the task of promulgating this message.

Customer Reviews

I bought this through Audible.com for myself and loved it so much that I purchased the CD version through .com as a gift for a friend. The audible download is a better format for those who have Internet access and who will listen to many books. For a one-off, though, the CD is a good way to go. As to the content, I believe every person will gain from listening to this outstanding, thorough, intriguing discussion of possibly the most critical religious event of our time. Cardinal Tarcisio Berone provides an engaging insight into how and why the attempt on Pope John Paul's life confirmed the, until recently, secret prophecy revealed at Fatima, Portugal, in 1917. Enjoy the book. I wish I could rate this 10 Stars.
