Very cute book. One side is about aunts and the other about uncles, but they both say the exact same thing. The pictures however are different and make the book adorable. My husband and I personalized some of the pages for our nieces.

It was delivered very promptly. My daughter & son-in-law just loved them. They had a lot of fun recording it for their precious niece Isla. She will love listening to their voices, as will her Mommy & Daddy too. Thank you. ;)

The perfect gift book for any new (or old) Auntie or Uncle to give! My son had the Mommy/Daddy version when he was small so I knew the story was great and timeless. I was so excited to buy this for my very first nephew!

Another flip book that tells what Aunts Do best and What Uncles Do best. I purchased the book What Grandma/Grandpas Do Best by this author at the same time and while these are cute books, they are identical when flipped. The pictures are different, but the story is the same. I feel like they would be much better and much more special if what aunts did and what uncles did was unique to each. It seems like this was the easy way of writing this book without much time or effort.

The book is very cute and I love how it has the aunt story and then you flip it around and it has the uncle story. My fiance and I were each able to sign "our side" of the book with personal messages, which was very sweet!

There are very few books written to a child from an aunt and uncle point of view. This is a very cute little story, and I look forward to the day that my niece is old enough to understand it. The illustrations are bold and eye catching, and the text is simple enough for a child, but not too boring for an adult to enjoy reading it to the child.

Delightful flip book. You flip it over to read the 2nd book What Uncles Do Best. Aunts and Uncles can be such an important part of their lives! This book is geared for reading to a pre school age child but also for a first grader to read aloud to Aunts and Uncles. Truly a one of a kind great book.

My wife and I bought this book to give to my sister and her husband as we are expecting our first child. It is a cute book that is reversible with a side for the aunt and a side for the uncle. My sister loves it and she is looking forward to her first nephew.
