Steven J. Lawson is one of the best God-centered and Christo-centric expository preachers of our time. He is like a cross between John Piper, James Montgomery Boice and R.C. Sproul. Therefore, if any of those names mean anything to you - you will love this commentary by Lawson. All the commentaries in the Holman series are concise, homiletical in orientation, and immensely practical for teachers and preachers of God's Word. Psalms 76-150 are covered in this commentary and are broken down in 75 individual chapters in the following manner: 1) A title that summarizes the topic of the Psalm. 2) A helpful quote that delineates the theme of the Psalm - usually from a great Christian from the past - Lawson is a very knowledgeable Church historian. 3) A commentary on the chapter from the Bible which contains - the main idea of the passage and the supporting ideas written out in an expository outline with explanation, grammatical help, and exegetical insights. 4) A main idea

review and a conclusion for the chapter.5) A Conclusion - usually an excellent illustration of the passage.6) A Life Application - typically questions, commands, and principles to be applied from the passage.7) A prayer based on the passages truths and applications - all very God-focused and oriented toward praise.8) A section on "deeper discoveries" - usually key word studies, theological insights, and historical, cultural, and textual facts & helps.9) A teaching outline for the passage.10) Lastly, issues for discussion taken from the passage.I highly recommend this commentary on the Psalms - especially if you are only going to have one or two commentaries on the Psalms.
