Duncan The Story Dragon

Synopsis

A charming story about the joys of reading that is perfect for fans of Dog Loves Books and Stellan Duncan. Duncan the Dragon loves to read. When he reads a story, his imagination catches fire! Unfortunately . . . so does his book. Fire breath is great for roasting marshmallows, but it's not so great for reading. Duncan just wants to get to those two wonderful words, like the last sip of a chocolate milk shake: The End. Will he ever find out how the story ends? This bright, warm tale champions determination, friendship, and a love for books. And milk shakes!

My 23 month old loves this book! What's not to love... A story about a dragon with a great imagination, with lots of great sounds in the book (whomp, plonk, yeow) which he loves, and a surprise friendship ending. It's adorable and encourages a love of reading from an early age.

This is one of those sweet books that is beautifully illustrated as well as being fast paced for the youngest listeners. At the end, you will say "awww" and want to read it all over again. I can see this being a bedtime ritual for many young kids!

Duncan the Dragon loves to read books. Being a dragon poses a problem for him. Duncan breathes fire, and accidentally burns his books. In his quest to find a friend who can read to him, he meets a small mouse who loves reading as much as he does. Through the stories they read, these two friends go on epic, unforgettable adventures together. We loved this book! It's a great story about friendship and the imaginative world of reading that brought two friends together. Duncan The Story Dragon is a must have for any children's picture book reader. With adorable, colorful illustrations that capture the magic of reading, this is the perfect book for story time, and bedtime reading.

Duncan the dragon keeps catching his books on fire. He searches for animal friends who can read the stories to him. He just wants to read a book to the end. A raccoon, a possum and a bull turn him down. When his tears bump into a mouse, the mouse becomes his friend and together they enjoy the adventures in books with their imaginations to the very end of each book. 3.5 stars

We just happened to find this book at the library but I'm already wanting to add it to our collection at home. What's not to love? Beautiful illustrations, a nicely-flowing story, and a book that's about how enjoyable reading can be. My 3yo and I are eagerly anticipating more from this author!

I am reading a dragon book and my 3 year old daughter wanted a dragon book also and this was perfect. A wonderful dragon who wants to read but can't get to the end of of a book. We loved the story.
