The Walking Dead, Vol. 11: Fear The Hunters

Synopsis

The world we knew is gone. The world of commerce and frivolous necessity has been replaced by a world of survival and responsibility. An epidemic of apocalyptic proportions has swept the globe, causing the dead to rise and feed on the living. In a matter of months society has crumbled: no government, no grocery stores, no mail delivery, no cable TV. In a world ruled by the dead, the survivors are forced to finally start living. No one is safe in the aftermath of the most shocking Walking Dead storyline yet! The remaining survivors continue the road to Washington DC, but not everyone will make it out alive! Collecting issues #61-66 of the New York Times best-selling series, The Walking Dead! Reprint Edition

FEAR THE HUNTERS! (The Walking Dead: Volume 11)Written By Robert KirkmanIllustrated By Charles Adlard & Cliff RathburnCollects Issues 61-66"A man's gotta eat. If it makes you feel any better...you taste much better than we thought you would."The first big story arc in a while, Fear the Hunters finds Rick and company still on the road, slowly running out of food, and options. Not to mention that they're being followed and watched... The first issue alone, #61, will give you a clue as to what to expect--and you'll be surprised at how quickly the terror begins and the fun truly ends. As they continue toward Washington, lives will be lost, bad deeds will be done, and a new character will be introduced. Then you just have to tell yourself that there are still five more issues to read before the collection is over..."I don't think I've had a chance to introduce myself before. I'm Chris, it's good

to meet you. You probably think I'm crazy, and I understand that. Why wouldn't you? But I'm not, none of us are. I don't expect you to believe that, but it's important to me that I say it."Both Kirkman and Adlard have outdone themselves here, both the writing and the art are better than previous collections. Volumes 9 and 10 had me worried there for a little bit--our characters seemed to be going nowhere...and Washington seemed a little too far away. The new characters were fine, yet it still seemed like everyone was walking in circles, not doing much. Yet here is where it picks up pace--and it doesn't stop."You know the drill--we have to keep these people scared. We should actually pick them off sooner, thin their numbers out and make them fear for their lives.
