Customer Reviews

I like this bible. It's full: It contains the Old and New Testaments, and contains the apocrypha, which is what I was looking for. But it's big, it's bulky, and there's no room in the margins for notes and things. Mr. Shaver, if you're listening, if you can bound this book by leather, that would be excellent! Otherwise, great body of work

It is not everyday that you can find a King James Version coupled with the Apocrypha. As a convert from Protestantism to Catholicism, this is quite a find!

The font is super small. I'm glad to have an all in 1 KJV with apocrypha but the font is super small for such a large book. I ENDED UP GETTING A LARGE PRINT KJV FROM WAL-MART AND AN APOCRYPHA BY ITSELF FROM

It doesn't have the book of Enoch (Enoch), or 3 and 4 Maccabees. I am disappointed in this. To all

those complaining about it being too bulky please shutup! The font is small, it could have been bigger. It would be better if it wasn't paperback, as it is more susceptible to tearing. My only real complaint is about the missing books.

This KJV Bible also contains the Apocryphal books and can call the 1611 KJV in modern spelling. But don't contain the epistles of King James I and preference to the reader. Yet it's worth having this KJV as part of your collection bibles. It's a must have bible but it's paperback.

Without a doubt this book should be in every home being read by and to everyone to learn and understand all the true laws and statutes that the most High has given us to do and keep throughout all generations that he didn't change (stop lying you filthy pastors and stop calling yourself reverend. Psalm 111)

Amazing! Great font! And great source of the apocrypha added in.. all praises to the most high God! Just right

This is Brilliant!!!...The font is a little small but given the amount of info crammed into the book, that is to be expected. I wish this was available in Kindle format as well. If 3 and 4 maccabees were included, this could very well be the greatest ecumenical Bible ever. Please make this available in Kindle format! Thanks and Kudos to Derek Shaver!
