A Player For Christmas: Book 4 The Last Play Romance Series (A Companion To Bachelor Billionaire Romances) (The Last Play Series)

Synopsis

Enjoy this sweet romance by Taylor Hart. Brooks Stone, wide receiver for the Miami Surf, isn't the type of guy to make dreams come true; he's too busy dealing with a high ankle sprain and the anniversary of his wife's death. Callie Given, a cancer patient at Primary Children's Hospital, only has one wish for Christmas: dinner with Brooks Stone. He flatly refuses, until Sam Dumont threatens to make sure the coaches bench him if he doesn't comply. Callie thought fighting for her daughter's life was enough of a challenge. She never expected famous football player Brooks Stone to actually show up. If he was a friend of her ex-husband, he's definitely not someone she wants hanging around her daughter. Good thing she sends him away. Too bad her daughter sees him before he can leave. When Brooks and Callie find themselves on a quest to find Callie's father, neither would have imagined getting on a plane together, going to a cage fight, or kissing. Brooks wonders how these two women have become everything to him in less than seventy-two hours. Now he has to make a decision: get what he wanted for Christmas or become the player he was always meant to be. All of the Last Play Stories are stand alone books. If you want them in order, they would go like this: Last Play, The Rookie, Just Play, A Player for Christmas, Second String. There is cross over with the characters in this romance series and in Almost Everything (Part of the Destination Billionaire Romances) and in The Unfinished Groom (Part of the Bachelor Billionaire Romances).

Customer Reviews

This was more of a 3.5 for me. I have loved this whole series as fun light reads. They are cute, with characters that have to learn to see themselves, and make some changes. Most have made a mistake of some form or another. This is a story about redemption, forgiveness, and trying to figure out the place you are going. Both of the MC had to figure out what direction to head, and gain some confidence. It was wonderful they were the catalysts for each other to find some success. Having someone to give you that positive boost in the right direction is a gift. Love Taylor Hart's writing, and the cute settings with this series. Another good one for me! 3 really because it is shorter, and perhaps not as developed. Would definitely re-read in a pinch!

I did enjoy this little 'novella', and have purchased and read several of them before this one. But, this is my last purchase~ I always buy books with 250-350 pages. I love getting more involved with the story. Then there is the problem that at least a fourth of the book is commercials for other books~ including the first chapters. I NEVER read those first chapters! However, I do look at the other book titles listed at the end, and check them out! Oh, one other thing that is kind of annoying is each love interest character has green eyes, the guys have a half dimple on one cheek, and the girls mostly have red hair! The names, well they crack me up!! You can tell that I just read six of these books in the last two days! Bye bye!

I really enjoyed this novela. Sometimes a novela is just the right size. It had some drama and some romance. It was clean. I enjoyed getting to know the character Brooks. I liked him. I will read other books by this author.

I've been reading this Last Play series from the beginning and I really do love it. Each book revolves around a professional football player who starts out ornery and jaded in some way, for some reason, but that usually doesn't last too long. In this case, all it takes for Brooks to come around is meeting Callie who is a cancer patient with one Christmas wish- to meet him. There are lots of sparks and tension in this book. The kissing gave me goosebumps! I love how Brooks throws himself into

helping Callie and Ana just like he would throw himself into a football game. He's an all in, full on type of guy. This was the perfect book to feed my romantic hankerings and put me in the Christmas spirit. If you haven't read any of the books in this series, you really should. Especially if you love clean romance. This is easily one of my favorites. Fun, flirty, clean, easy reading that leaves you with a smile.

Book 4 in The Last Play Series is a winner and a great way to start the Christmas Holidays! I was hooked from the dedication page where Hart gives a touching tribute to a little girl she met on a plane. The experience prompted the story, which made it even more meaningful! I loved the characters and how their lives came together. I especially love Callie and how resilient she is. I laughed and I cried! Thanks for writing such a wonderful book! Oh, and I love the cover! Very nice.

I love the Last Play series, and was excited about this new release. These books make me want to watch football and have a team to root for. Taylor Hart makes it feel so real that I think I would actually feel disappointed when I don't see Roman Young, Sam Dumont, or Brooks Stone playing. This story was shorter than the other books in the series. I was able to read it in an hour and a half. It could be read independently, but the rest of the series is great, so I would recommend reading the other books too! This story was particularly touching about nine year old Callie, who has cancer and wishes to have a dinner date with her favorite football player, Brooks Stone. Callie was adorable, and full of faith and hope. I liked Ana and Brooks together, but the relationship developed a little too quickly for me (hazards of a short book). I wanted to see their relationship developing further. Overall, a sweet holiday romance, and a great addition to the series. Content: clean (a handful of minor swear words: d..., some kissing, violence: a cage fight, religious elements: some talk of God sending Brooks to them)

I thoroughly enjoyed this amazing series, The Last Play. I was just so excited to now read, A Player for Christmas. I just adore anything about Christmas too. Then meeting Brook Stone, a Footballer who played with the Miami Surf team. Suffering after he was unable to play after his ankle injury and the fear after the death of his loving wife only just one year ago. So many sad memories for anyone to endure. He knew now he just couldn't deal with it anymore. Brook knew he needed help. Being told by his other team mates. Sam Dumont hoping he would join them in Salt Lake City to come and help. Sam worked with the Children's Hospital. Hoping that Callie, a young Cancer patient could meet him as her Christmas wish. This most beautiful and sweet Christmas tale. It had so much love

and such a perfect way to end this such enjoyable read!!* I recommend this book to everyone!!
