Customer Reviews

As cute as I think the cover of ANNA AND THE FRENCH KISS is, I don't think it does the book justice. For one thing, this cover implies that the book is just some sweet, cute little romance about a girl and a boy in Paris. And while it is at times cute--and romantic--and even sweet...it's so much more than that. For one thing, I laughed like a freak reading this. ANNA has a razor sharp sense of humor that appeals to one's intelligence while still maintaining a youthful world-view. Any book that can make me that smiley must be something special. But it's more than just quick-witted humor, you know? Anna's voice is so strong, so incredibly real. All of her actions and dialogue are consistent with who she is. I would have LOVED to have a friend like Anna--no, check that. I would LOVE to be Anna, just like her, down to the bleached stripe and all. Anna is just so genuinely, so beautifully seventeen. Everything about her is spot on, down to the way she views her dad. I mean, at first I thought to myself, okay, the dad is kind of a weaselly dork, but, whatever, people like him are nothing to get upset about. But to a seventeen year old girl like Anna, a dad like hers would feel like a nightmare, and through her eyes, I actually found myself detesting him just as much--talk about brilliant characterization. But Anna is more than just a well-written seventeen year old, she's also a stranger in a foreign land, and Perkins does a remarkable job illustrating the trials and tribulations of an expat's life. I've been an expat, and I can't tell you how many times I thought, "Yes YES YES! That's what it's like!" I have to believe that Perkins must have actually studied abroad.
