Grade Level: 6 and up

## **Customer Reviews**

My granddaughter misplaced her social studies book and was going to be charged \$48 to replace it. I ordered the exact text book through for 99 cents. Yes, 99 cents. Wow. The book was in excellent shape and the school accepted it. They were amazed at my price!!

I bought this because I am considering the 6th grade Calvert homeschool curriculum for my child. I've only given it a cursory look, but so far I like what I see. Seems like decent textbook history to me, and quite a bit more engaging than my own history books were at that age.

What I expected, a school book. Good.

Good book

I had to purchase this textbook because my 12 year old son lost the original book at school. I refused to pay [...] to replace it through the school. I immediatly went to .com and found this textbook for much, much less than [...]. The textbook came within just a few days (5 to 8) and was in like new condition. There were no marks, water/coffee or any other type of stains on any of the

pages. I was satisfied and so was my son's school. I highly recommend this service and I will be using it again.
