Customer Reviews

My 6 year old daughter is a big fan of Disney Fairies. Her favorite color is blue so her favorite fairy is Silvermist. She has been a big fan of the Pixie Hollow Tales book series and we probably have a dozen of those books. When we saw this new series, we picked up the first book as soon as we could. The first Never Girls book was great. It had a slightly lower reading level making it a better reading book for my daughter. She is good with the first series, but struggles on a few words here and there. In addition, there is a lot of consistency between the Never Girls series and the Pixie Hollow series meaning some of the terms that are unique to the Disney Fairies universe are used in both books. The consistency makes the new series a great compliment to the original. Now that we knew she loved the Never Girls series, we ordered books 2 and 3, which she finished in a matter of a few days, and pre-ordered books 4, 5 and 6. Once Never Girls #4 arrived, she finished it in a

matter of days and really enjoyed it just like the previous books. She can't wait for the next one. Highly Recommended for your Disney Fairies fan!The Never Girls Collection #1 is a great way to get the first four books of this series at a bargain price.
