Customer Reviews

I grew up with Berenstain Bears Books... and I was able to pass down many of my books to him. I was so happy when I found out that they continued the collection from then! This is a great story - Especially to read when you are under the weather.

Like many of the newer Berenstain Bear books there really isn't a lesson involved. Much of the story does not add to the plot, so the book makes for a very long boring read. I'm going to be sticking with the older books in the future, they are much more applicable and much better written.

This book is wonderful!! We have a collection of these books and all seem to be enjoyed by us, as parents, and our children!

Jan Berenstain was my childhood favorite and now I am carrying on the love and buying for my

children
