Scott Hahn's Study Guide For The Lamb' S Supper

Synopsis

NOTE: This ISBN is a Study Guide and not The Text Book. In *The Lamb's Supper*, Scott Hahn connects the Catholic Mass with the early Christians' understanding of the New Testament's Book of Revelation, explaining that the mystical visions of heaven found in Revelation can shed light on the sacrifice and celebration of the Eucharist. This message helps readers to more fully understand their faith, and the book is widely embraced by readers around the world. With this new companion book, readers—both individuals and groups—now have everything they need to further deepen their engagement with, understanding of, and enthusiasm for Catholicism's central and defining Sacrament, the Eucharist. With his Study Guide for *The Lamb's Supper*, Scott Hahn adds summary and key points, scriptural references, excerpts from Church teachings, songs of praise, and questions for reflection and discussion for each section of the original to supplement, complement, and illuminate his bestselling work.

Customer Reviews

Getting the study guide became a good reason to re-read *The Lamb's Supper: The Mass as Heaven on Earth*. The book presents the Book of Revelation in its connection to the Mass in that the key to unlocking so many strange symbols is the liturgy. This is more than just a thesis of Dr. Scott Hahn. He discovered this independently only to find that it was a thread of teaching in the Church Fathers and some once again presented in the Second Vatican Council. Scott Hahn is adept at presenting deep theological truths in bite-sized chunks without watering down the information presented. Re-reading *The Lamb's Supper* reminded me of many elements that I had

half-forgot and really want to keep uppermost in my mind when it comes the the liturgy.As for the study guide itself, it is a nice companion to the book. Each section following the book starts with a solid summary of the chapter itself, followed by related doctrinal statements, a hymn, and then a series of questions/reflections on the contents. These questions were written by the always great Mike Aquilina.I am usually not impressed by study guides and their usefulness, but this is not the case here. While it could be used on a personal level, it is in the group setting that it would shine. I would really recommend it for youth groups, adult continuing formation, home school families etc. You can easily have people read the chapter ahead of time and then read aloud the summary which will both remind people of what they read, but also help in emphasizing and memory retention. The doctrinal component from the Catechism and a range of Church documents and other sources really connects the chapters with what the Church teaches.
