## Customer Reviews

It's a good story but doesn't fit full screen on my Kindle HDX so I have to read it on Kindle For PC. I wish they would state this in the description some where so I can decide before I buy it. Not a big fan of reading stuff on the PC.

I wasn't expecting the book to be a novel as well but I am not complaining. The only complaint I have is it is not the same size as the first book which personally bothers me. I like all books in a series to be the same size. I am eagerly awaiting the third book ^^

I'm totally in love with this manga, the story is good and Aiden is (so frigging cute!!!!). In this vol the last chapter is written but it does not ruin the book at all. It's a flashback for the last (graphic) chapter and it takes place two days before it. This manga is totally expensive but it's totally worth it!

If you pick up the book the dark earth the first vol then you now that. Book two Is is just as great this series is a must read . I gave it five stars which it deserves.

Asher and Asian are just plain hot!!! Really enjoying reading about there growing love. Can't wait to find out what is going to happen.

This is the second book and it was just as great as the first book. I just wish the pictures would continue through out the whole book.
